Education

- **BE in Computer Egineering** *2020-24*
  AISSMS College Of Engineering, Pune - CGPA : 9.0
- **Class XII** *2018-20*
  Podar International School (CBSE) - Percentage : 73.4

Experience

- **Artificial Intelligence Internship** *Dec 2022 - Present*
  ScriptEdge Pvt. Ltd.
  - Successfully developed and over 7 projects in machine learning, neural network, image processing and natural language processing
  - Worked on data visualization, analysis to develop data-driven Machine Learning applications
- **Data Science Internship** *Dec 2022 - Feb 2023*
  Solar Secure Solutions
  - Trained on Data Science and Analysis
  - Successfully completed 2 Data Science Projects with proper Analysis and Visualization

Projects

- **Netflix Clone**
  This project is done in order to clone the real-life Netflix Web Application for education purposes only
  - Video Streaming from video stored in the database
  - Used Firebase Authentication(SDK) to facilitate authentication & Cloud Firestore to store data
  - Technology Used: Reactjs, Firebase, Firestore
- **Medi Desk**
  In this Project a QR code is used to store the information and medical history of the patients
  - Generating QR code for storing medical data
  - Technology Used : Python, Flask, JavaScript, HTML

Technical Skills and Interests

Languages: C++, Python, Javascript

AI/ML: ML Algorithms, Deep Learning, Computer Vision

Libraries: Pandas, Numpy, Scikit-Learn, Flask, ReactJS

Web Dev Tools: Flask, Nodejs, VSCode, Git, Github

Operating Systems: Linux, Windows

Databases: MongoDb, Firebase, Relational Database(MySQL)

Areas of Interest: Artificial Intelligence and Machine Learning

Positions of Responsibility

- **Technical Team Member,** Google Developer Students Club, AISSMS COE
- **Technical Manager,** Anime Astra, AISSMS Engineering Today, AISSMS COE

Certifications

- **IBM Certified:** Python Basics for Data Science
- **IBM Certified,** Using Python for Research
